

Karas Dental Appointments and Cancellations

We ask that you give us 24 hours minimum notice if you will not be able to make it to your appointment.

We understand illness, family obligations, and emergencies, however, please make every attempt to keep your appointment as we staff the office according to our schedule. Therefore, we will charge for missed appointments if not cancelled or re-scheduled within 24 before the appointment. We have an answering machine and check that often.

Karas Dental reserves the right to charge \$100.00 for no call/ no show appointments. We have text, e-mail, and phone call reminders in place to help patients remember appointments.

Thank you for understanding.
